DETAILED ACTION

Election/Restrictions

1. Newly submitted claims 39-41 are directed to an invention that is independent or distinct from the invention originally claimed for the following reasons:

The proposed new claims 39-41 requiring, at least, "a first memory to store for each part, parts basic data including a kind of material composing a part and mass of the material of each kind" and "a second memory to store, for every combination of materials, a table including information indicating at least one of a permissible value with respect to compounding ratio of the combination, a separation admissibility for the combination, level of compatibility of the combination, and marketability of the combination" raise new issues which would require further search and consideration.

Since applicant has received an action on the merits for the originally presented invention, this invention has been constructively elected by original presentation for prosecution on the merits. Accordingly, claims 39-41 are withdrawn from consideration as being directed to a non-elected invention. See 37 CFR 1.142(b) and MPEP § 821.03.

Allowable Subject Matter

2. Claims 3-10 and 12-15 are allowed.

Art Unit: 2863

Reasons for Allowance

3. The following is a statement of reasons for the indication of allowable subject matter:

Please see Applicant's response of 07/12/07 and Office action mailed 04/12/07 for reasons for allowance.

Conclusion

4. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the mailing date of this final action.

Response to Arguments

5. Applicant's arguments of 07/12/2007 with respect to claims 3-10 and 12-15 have been considered and they are persuasive. However the newly added claims 39-41 require an Election/Restriction. For detailed requirement, please

Art Unit: 2863

refer to paragraph 1-3 set forth above in this Office Action.
